E-mail for Firgrove _____

Please include my company on your Backflow Assembly Tester List (List). I understand that:

- Firgrove will list only Company Name, Tester Name where applicable, and Contact Number on List.
- All backflow assembly test reports must be filled out completely and legibly and submitted in a timely manner. Assemblies requiring repair or replacement should be noted and submitted at that time and again upon repair or replacement.
- I must have current certification and calibration information on file for all test reports that I submit.
- I must include detector readings for all detector assemblies.
- I will notify Firgrove of improper installations, unapproved assemblies, repairs, corrections to data, and replacements.
- Removal of a backflow assembly constitutes removal of the assembly, capping of any open lines, and submittal of a test report and photo.
- The List will be distributed upon request and posted on Firgrove's website.
- This form is valid for only the testing year noted above and I will have to submit current information for each year I wish to be included on the List.
- If any of the above conditions are not met, my test reports may not be accepted.
